## history

Kirby was operating as a ranch foreman for a New Mexico ranch for the past several years. He was allegedly buying cattle to stock the ranch but very few cattle have been recovered on the ranch that he was to stock using the owner's funds. He was supposed to have purchased as many as 800 cattle. He then allegedly leased a ranch in Pinal County Arizona where he had pasture agreements with several Texas cattlemen and one Arizona cattlemen to run their cattle on this lease on an agreed upon per head per month payment. In May of 2009 Kirby sold 19 steers owned by the Arizona Cattlemen to one of the Texas cattlemen illegally. In July 2009 he sold an additional 183 heifers owned by the same Arizona cattlemen to another one of the Texas cattlemen also illegally. The cattle have been recovered and the Arizona Cattlemen has been compensated for his cattle by the Texas Cattlemen. Kirby is believed to be a good cow-hand. He is aware of the warrant. Anyone seeing him or knowing of his whereabouts should contact Zeke Austin, Tommy Padilla or your nearest local authority.
